RESIDENCY REGULATIONS (Condensed)

(The residency rules and regulations may be subject to change.)

Students who do not qualify as bona fide residents of the State of Hawai'i, according to the University of Hawai'i rules and regulations in effect at the time they register, must pay the nonresident tuition. An official determination of residency status will be made prior to enrollment. Applicants may be required to provide documentation to verify residency status. Once classified as a nonresident, a student continues to be so classified during his/her term at the University until he/she can present clear and convincing evidence to the residency officer that proves otherwise.

Some of the more pertinent University residency regulations follow. You may contact the residency officer listed below for additional information or interpretation of the regulations.

DEFINITION OF HAWAII RESIDENCY

A student is deemed a resident of the State of Hawai'i for tuition purposes if the student and his/her parents or legal guardians have:

- (1) Demonstrated intent to permanently reside in Hawai'i (see below for evidences);
- (2) Been physically present in Hawai'i for the 12 consecutive months prior to the first day of instruction, and subsequent to the demonstration of intent to make Hawai'i his/her legal residency; and
- (3) The student, whether adult or minor, has not been claimed as a dependent for tax purposes for at least 12 consecutive months prior to the first day of instruction by his/her parents or legal guardians who are NOT legal residents of Hawai'i.

To demonstrate the intent to make Hawai'i your legal residency, the following evidence apply:

- A. Filing Hawai'i resident personal income tax return.
- B. Voting/registering to vote in the State of Hawai'i.

Other evidence, such as permanent employment and ownership or continuous leasing of a dwelling in Hawai'i, may also apply but **no single act is sufficient to establish residency in the State of Hawai'i.**

Other legal factors in making a residency determination include:

- A. The 12 months of continuous residency in Hawai'i shall begin on the date upon which the first overt action (see evidences) is taken to make Hawai'i the permanent residence. Residence will be lost if it is interrupted during the 12 months immediately preceding the first day of instruction.
- B. Residency in Hawai'i and another place cannot be held simultaneously.
- C. Presence in Hawai'i primarily to attend an institution of higher learning shall not create residence status. A nonresident student enrolled for 6 credits or more during any term within the 12-month period is presumed to be in Hawai'i primarily to attend college. Such periods of enrollment cannot be applied toward the physical presence requirement.
- D. Resident status, once acquired, will be lost by future voluntary action of the resident inconsistent with such status. However, Hawai'i residency will not be lost solely because of absence from the State while a member of the United States Armed Forces, while engaged in navigation, or while a student at any institution of learning, provided that Hawai'i is claimed and maintained as the person's legal residence.

BOARD OF REGENTS EXEMPTIONS
